

FREE* Digital Skills Courses

Starting October 2021

Improve your digital skills with Warrington & Vale Royal College!

We know that not everyone is tech-savvy and that sometimes a little (or a lot of) tech support would go a long way in a world that seems to be getting more and more technological by the day!

We have put together a selection of short courses to help bridge the gap when it comes to tech know-how and help even those with the most limited of skills gain confidence when getting online.

Winsford Library
